

## TRANSPORTATION SEMINAR

# Project Management Challenges of Prominent Projects

Friday, January 23, 2015  
3:00pm to 4:30pm

Please join us in Schwada Building (SCOB) room 101 

## Carmelo Acevedo, P.E., J.D.

Engineering Manager, Arizona Department of Transportation

Mr. Acevedo is currently leading the \$2 Billion Public Partnership Alternative Delivery and Environmental Impact Statement for the prominent South Mountain Freeway. His duties include supervising the efforts of project managers, and representing ADOT before local, county, state and federal jurisdictions and the general public.

Mr. Acevedo will share his experiences leading small and large controversial civil engineering projects. He will touch on project delivery methods, like the traditional design bid build and public private partnerships methods. Key discussion points will include leadership skills, supervision of key staff and consultants, and communicating with key stakeholders and the general public.
